

## TIPS & TOOLS TO HELP USERS

### ACCESS CONTENT ON WEB SITE MORE EASILY

- 1) **COLOUR/CONTRAST OPTIMISATION.** You can change colours instantly by using the extension:  
‘HighContrast’ for the Chrome browser:  
<https://chrome.google.com/webstore/detail/highcontrast/djcfdncoelnblldjfhinnjldhjikmph?hl=en>  
or  
‘NoSquint’ for the Firefox browser: <https://addons.mozilla.org/en-US/firefox/addon/nosquint/>
- 2) **MAGNIFICATION OF TEXT.** You can use CTRL + to magnify the text on the screen and CTRL – to make it smaller again.
- 3) **‘TEXT TO SPEECH’ TOOL FOR TEXT SELECTED BY THE USER.** Use the extension ‘Selection Reader (Text to Speech) for Chrome  
<https://chrome.google.com/webstore/detail/selection-reader-text-to/fdffijlhedcdiblbngmagmdnokokgbi>  
or  
The Southampton AT bar for Windows <https://www.atbar.org/atbar-windows/>
- 4) **‘SCREEN READER’** plugin (for the blind user). Try ChromeVox:  
<https://chrome.google.com/webstore/detail/chromevox/kgejglhpjiefppelpmljglcjboiplfn>  
Note that **to** enable or disable it you need to go into Chrome > More Tools > Extensions to switch on/off.
- 5) **NAVIGATION BY HEADINGS** (using Headings Map Plugin).  
Headings Map plugin for Chrome available at:  
<https://chrome.google.com/webstore/detail/headingsmap/flbjommegcjonpdmenkdiocclhjajacmbi?hl=en>  
Headings Map plugin for Firefox available at:  
<https://addons.mozilla.org/en-GB/firefox/addon/headingsmap/>
