VILLAGE ORGANISATIONS

FRIENDS OF ST GEORGE'S

Contact: Susie Jacobsen 711763 susiejacobsen@hotmail.com

The ancient Parish Church of St George's West Grinstead is of Saxon origin with a serene and beautiful interior and delightful rural setting by the Adur. A hidden gem known as the Farmer's Church, its pews are painted with the names of local farms, past and present, and the long tradition of weekly Book of Common Prayer worship continues unbroken from the 1600s. Currently we have a thriving four-part choir and bell-tower team for our peal of six. (Newcomers welcomed)

FoSGs was founded in 1997 to ensure that the church could continue in good repair to serve our community and future generations as a centre of worship, comfort, contemplation and fellowship. Past fundraising has re-shingled the spire, and restored the fine marble monuments, mediaeval wall paintings and wood panelling. More recently St George's has been transformed (not least for our cleaning team!) by the successful project in tandem with 'Bats in Churches' to replace the boarding over the roof beams. So our bat evacuations have been mitigated without evicting the bats, thus allowing our wonderful monuments and special church interior to be appreciated again without protective veils and the risk of sticky residue for our many visitors.

During the church's necessary closure (though services continued throughout) FoSG's was able to contribute to a complete overhaul and update of the heating and lighting, including a system to offset the damaging humidity levels in the church.

Thanks to our kind neighbours the church is open every day to welcome you, please do visit, your interest and support sustains us. Forms to join the Friends are in the church.
